SECTION F – Telematics

This section applies if cover shown on the **Schedule** is Comprehensive, Third Party Fire and Theft or Third Party Only and the **Policy** is a **Telematics Policy**.

1) **Telematics**

Where it is a condition of the **Policy** that a **telematic** device is fitted or smartphone app enabled, it is **your** responsibility to ensure that any party who has an interest in the ownership of **your vehicle** (such as **your partner** or a hire purchase company) has agreed that a device can be installed or enabled. If a box is to be installed this must take place within 28 days of cover commencing. If a smartphone app is being used this must be enabled and registered within 15 days of

cover commencing. Failure to comply with this condition will result in the **Policy** being cancelled.

The **telematic** device or smartphone app must remain switched on and in use at all times to allow **us** to monitor driving performance and consider whether **your** premium should be adjusted. Premiums may go up or down, dependent upon driving behaviour.

Box installation will be carried out by an approved network service.

You will be required to present the following original documentation to the engineer at the time of installation.

- a) Proof of **your no claim discount** (if applicable)
- b) **Vehicle** Registration Document (V5/log book). If **you** have recently purchased the **vehicle** and the V5 has not been received then the New **Vehicle** Supplement will suffice.
- c) Driving licence or both sides of photocard for all drivers to be insured. Certificates confirming **you** have passed a driving test will not be sufficient.

Photographs of the **vehicle** to be insured will be taken at the time of installation.

Enablement and registration of smartphone apps will need to be carried out by **you** and any named drivers. **Your Policy** may be cancelled if the documentation required is not uploaded within 15 days of cover commencing.

The box has tamper-proof controls and attack safeguards. If the intelligent alert system is triggered it will notify the suppliers of any unauthorised tampering. An investigation will be initiated and a physical inspection by an engineer will be required. Any unauthorised tampering will invalidate the insurance cover provided and **your Policy** may be cancelled.

A fee may be payable for installation and removal of a box. Full details of any fees or charges will have been provided at the time of purchase of this **Policy**. Where a device has been fitted and the **Policy** is cancelled the device will be disabled or removed. This will be carried out by an engineer from **our** approved network service. If **you** sell **your vehicle** **you** are obliged to notify the new owner if a **telematic** device has been installed. If **you** change **your vehicle** a **telematic** device must be installed or enabled in the new **vehicle** being insured.

If an extreme driving event is observed **you** may be charged an additional premium. Full details of any fees or charges will have been provided at the time of purchase of this **Policy**. If further instances of extreme driving are observed, **we** reserve the right to cancel **your Policy**. Written notification will be sent to **you** in advance of any cancellation.

The previous year's actual driving behaviour will be used in the calculation of the renewal premium. Where the actual driving behaviour is known to **us**, following the expiry of a **Policy** where it was a condition to have a **telematics** device installed, it will be applied to any future policies where **we** are the Insurer.

2) **Use of telematics data**

It is important that **you** read this section and understand how **we** will use the data collected by the device. By proceeding with the application for insurance **you** are consenting to the use of the data to assess **your** driving behaviour and adjust **your** premium accordingly. This policy wording must be shown to any named driver on **your** insurance **Policy** so they are aware that their driving will be monitored. **We** and **our** appointed agents will process this data securely.

From the date of installation and registration **we** will use the **telematic** device to capture data from **your vehicle**. An electronic data feed will translate the GPS coordinates from the device to provide information, such as road type, road surface and speed limit of the road **you** are driving on at any specific time. This will enable **us** to build a profile of **your** driving behaviour.

We and those acting on our behalf will use the data from the devices to:

- provide you with data via your Dashboard portal relating to your driving behaviour.
- calculate your premiums based upon actual vehicle usage and driving behaviour.
- provide further clarification as to the circumstance of a claim if you make a claim under the Policy.

Your information will continue to be used for the purposes outlined above once your Policy ends, until the telematic device is disabled. Data collected by the telematic device may be disclosed to third parties with your permission in the following circumstances:

- a) if required for installation, servicing or if the device needs to be disabled.
- b) where there is a requirement by law to disclose such information.

3) Mid term adjustments on telematic policies

If the vehicle covered under this Policy is deemed to be a total loss and the vehicle is immediately replaced, no return of premium will be given and an additional premium may be required for the remaining portion of the Policy. No return of premium will be given for any subsequent policy adjustments for the remaining portion of the Policy.

In circumstances where it is considered appropriate to do so **we** will be entitled to admit liability on behalf of **you** or any person claiming **indemnity** under the **Policy**. Such admissions may be made prior to or after the commencement of proceedings in relation to any event likely to give rise to a claim under the **Policy**.

5) **Electronic Service**

9) **Cancellation**

Cooling off period

If **you** find that the **Policy** does not suit **your** requirements and **we** have not provided **you** with all necessary information before **you** made **your** decision to purchase this **Policy**, **you** may, within 14 days of receiving the full policy documentation, cancel **your** cover, in writing, returning all policy documentation. This right does not apply if **you** have made an adjustment to **your Policy**. The charges for cancellation for this reason are shown below:

Policy period	Calculation method	Minimum premium retained	Administration charge
All	Pro-rata	£25 + IPT	£0

If the **vehicle** covered under the **Policy** is deemed to be a total loss there is no return of premium.

Cancelling outside the Cooling off period

You may cancel the **Policy** in writing at any time by notifying **us** or **your intermediary** of **your** intention to cancel. Subject to no claim arising in the current **period of insurance**, **we** will give a return of premium for the unexpired portion of the **Policy** less an administration charge.

We or **our** authorised agent may cancel the **Policy** by giving seven days' notice in writing, via post or email, to **your** last known home address or email address. Subject to no claim arising in the current **period of insurance**, **we** will give a return of premium for the unexpired portion of the **Policy** less an administration charge unless the cancellation is due to fraud and **we** are legally entitled to keep the premium under the Consumer Insurance (Disclosure and Representations) Act 2012. Please note: The Consumer Insurance (Disclosure and Representations) Act 2012 sets out situations where failure by a **policyholder** to provide complete and accurate information allows the insurer to cancel the **policy**, sometimes back to its start date, and keep any premiums paid. Where **we** obtain proof of fraud or a serious non-disclosure **we** may cancel the **policy** immediately and backdate cancellation to the inception date or to the date when the incomplete or inaccurate information was supplied. **You** are responsible for notifying all named drivers that cover has been cancelled.

Should the **vehicle** covered under this **Policy** be sold and not replaced immediately, **you** must notify **us** or **your intermediary** in writing, and the **Policy** will be cancelled. Provided **you** have not made a claim or been involved in an accident or loss, regardless of blame, in the current **period of insurance**, **we** will give a return of premium for the unexpired portion of the **Policy** less an administration charge.

In the event that **you** have agreed to pay **your** premium monthly and **your Policy** is cancelled, **you** will be required to continue to make **your** monthly payments in accordance with the agreement until the full annual premium has been paid where a claim has been made under the **Policy**. If payments are not made in accordance with the agreement, the full annual premium becomes payable immediately.

The aim is to help insurers to check the information provided and also to prevent fraudulent claims. When **your** request for insurance is dealt with, the registers will be searched. Under the conditions of **your Policy**, **we** must be told about any incident (such as an accident or theft) that may or may not give rise to a claim. In the event of a claim the information **you** supply together with any other information relating to the claim, will be put on the register and made available to participants. It is **our** practice to co-operate fully with the Police authorities in the detection and prosecution of those involved in fraud.
