 - Checking details on applications for credit and credit related or other facilities
 - Managing credit and credit related accounts or facilities
 - Recovering debt
 - Checking details on proposals and claims for all types of insurance
 - Checking details of job applicants and employees

Your Insurer, **KGM** and other organisations may access and use from other countries the information recorded by fraud prevention agencies.

Helpful Hints

We recommend that you take simple precautions for your own safety to prevent accidents and reduce the likelihood of loss or damage. This could avoid distress and inconvenience as well as financial loss.

Fire Prevention

Do

- ▶ Test your smoke alarms regularly. Smoke alarms save many lives and significant damage every year.
- ▶ Check your electrical equipment regularly, make certain that correct fuses are used and do not overload the circuits.
- ▶ Follow maker's instructions, particularly for electric blankets. Hire a competent electrician if you are in doubt.
- ▶ Always unplug non-essential appliances before you leave the home or before you go to bed at night especially electric blankets.
- ▶ Be careful with cigarette ends, ashtrays and hot irons.
- ▶ Install suitable fire extinguishers. You should put one in the kitchen.
- ▶ Make sure that all open fires are correctly guarded – even if they appear to be out – especially at night.
- ▶ Have your chimneys swept and flues regularly checked, at least once a year (if you use open fires).
- ▶ Put out candles before you leave the room, make sure they have secure holders and are not near any flammable material or surface such as curtains.

Don't

- ▶ Smoke in bed.
- ▶ Move or fill oil heaters when they are alight.
- ▶ Let children play with matches or fire.
- ▶ Leave a pan of fat unattended on the cooker.
- ▶ Leave children unattended in an active kitchen.
- ▶ Overload electrical sockets.

In the event of a fire, plan an escape route for your family, keeping all window and door keys in easy access. Do not attempt to gather contents.

If you would like more information about fire, its effects and prevention go to <http://firekills.direct.gov.uk>.

Water Damage

One of the biggest risks of water damage occurs when you are away during the winter when pipes can freeze and burst.

It is therefore important that you insulate all pipes in your home especially the pipes in the loft as these are vulnerable to the cold air especially in winter months.

If you are going on holiday or the home is going to be unoccupied between the period of 1st October to 31st March it is important that you maintain a temperature of a minimum of 15°C throughout the home, because the pipes in your loft are particularly vulnerable we recommend that you keep your loft hatch open to allow the warm air to reach the pipes and reduce the possibility of the pipes and tank freezing. If you want to leave your heating off then you will need to drain your whole central heating system and switch off the water supply at the mains.

If, despite your precautions, your pipes freeze, turn the main supply off by the stopcock and thaw them out slowly using hot-water bottles or hairdryers. Never use a blowlamp or warm-air paint stripper guns. Turn the tap on where you believe the frozen pipe is to allow the melted water to drain from the system.

If the pipe has burst you should turn off your water immediately, avoid using any electricity in the area of damage and remove any contents away from the leak to prevent further damage.

Theft

It is important that you take all reasonable measures to avoid loss or damage from the home by improving security. By making access to the home difficult, thieves will be put off.

If you have suffered a previous theft loss or you live in an area that may have a high risk of theft, it may be necessary for you, as part of the policy conditions under this insurance to fit either security devices or an approved intruder alarm or both.

Items of jewellery and watches that are valued at £20,000 or more will need to be kept in a fixed locked safe.

If you do suffer from a theft in this period of insurance we may look for a security upgrade to offer a renewal to you. Please ensure this is done prior to the renewal invite to stop any confusion at renewal.

Security

- ▶ Make sure you have good-quality locks (approved to British Standard) fitted to all of your outside doors and all accessible windows at the home.
- ▶ Use the door and window protections when you leave the home unattended day or night, even if it is just for a quick trip and remove the keys from the locks (including the garage), do not leave them under a flowerpot, garden ornament or car wheel, on show through the letter box or anywhere else they can be found easily.
- ▶ Leave a light on, on a timer, in a room other than the hall when you are out in the evening or overnight.
- ▶ Do not leave large amounts of money in the home.
- ▶ Do not leave high risk items in unattended vehicles.
- ▶ Photograph your high risk items and keep copies of valuations and receipts. These are extremely helpful in case they are lost or stolen, not only to us but also to the police.
- ▶ Mark your high risk items with your postcode and house number with special security markers.
- ▶ Do not let strangers into the home without proof of identity. Consider fitting a door safety chain or a spy hole.

When you go away on holiday

- ▶ Tell a trusted neighbour or your local Neighbourhood Watch about your holiday.
- ▶ Stop newspaper and milk deliveries.
- ▶ Do not advertise your absence; leave a light on, on a timer, in a room other than the hall when you are out in the evening or overnight.
- ▶ Place any small high risk items which are not being carried or worn with a bank or other suitable deposit.
- ▶ Make certain that all doors and windows are closed and locked. If you have an alarm, make sure this is switched on.
- ▶ Leave your key with a trusted neighbour and ask them to look in and inspect the home occasionally.

If you doubt the effectiveness of your existing door or window locks or bolts, please see the Security Recommendations section.

For further advice talk to your crime prevention officer at your local police station, a member of the British Locksmiths Association or visit: www.homeoffice.gov.uk.

Security Recommendations

We recommend that;

Doors

- ▶ On all doors into the buildings, you should fit a five-lever mortise deadlock to British Standard 3621.
- ▶ If you have UPVC doors, they should be secured by a minimum of a 3 point locking system.
- ▶ If you have French windows or double sliding patio doors, you should, where possible, fit mortise security bolts or a key-operated lock to the top and bottom of each opening part of the door.
- ▶ If you have aluminium-framed sliding or patio doors, you should, where possible, fit detachable key-operated runner locks.
- ▶ Key-operated security bolts fitted to the top and bottom of all doors into the home will give you greater security.

Windows

All opening sections of basement, ground floor or easily accessible windows (without using ladders) should be fitted with key-operated locks.

Intruder alarm

If you plan to get a quote for an intruder alarm, you should check that the installer is a registered member of the National Security Inspectorate (NSI) or Security Systems and Alarms Inspection Board (SSAIB). We recommend that your alarm is under an annual contract.

Maintenance

You must take all reasonable care to prevent bodily injury, loss, damage or accidents to your property, and maintain the home and your belongings in a good state of repair.

We recommend that **you**;

- ▶ Have your gutters cleaned at least once a year.
- ▶ Check any flat or felted roof for wear and tear.
- ▶ Have a gas check once a year. A Gas Safe registered engineer should check that your boiler, radiators and gas appliances are safe and working properly.
- ▶ Maintain existing trees near the buildings to their recommended height and canopy.
- ▶ Avoid planting new trees or bushes near to the buildings as the roots could damage the foundations.
- ▶ Check your roof for missing or loose tiles.
- ▶ You need to check your loft regularly for squirrel and wasp nests or evidence of other vermin.
- ▶ Paint or varnish any exposed woodwork to avoid ingress of water and rot.

It is also recommended where necessary that you hire a qualified contractor and not conduct the investigation yourself.

2. If **you** are a victim of theft, damage or vandalism, or something is lost or damaged away from the **home**, tell the police first and ask for an incident number. If **your Insurer** needs more information from **you** or they appoint an independent specialist to investigate **your** claim, please help the investigation as much as **you** can. This will help them to settle **your** claim as quickly as possible.

The independent specialist will give their independent view of the situation. If **you** do not understand their comments, please ask them to explain this, or ask **your Insurer** or **KGM**, as confusion may lead to problems later on.

If **your Insurer** is not able to pay **your** claim, they will explain why. If **you** are still not sure, **you** can contact them or **KGM**. They will answer any questions **you** may have.
